

Existing and planned measures on the promotion of racial equality

Government Laboratory

The Government Laboratory (GL) aims to provide our community with quality analytical, forensic, and advisory services, achieved through advancing measurement science and standards. We attach great importance to ensure equal access to the information of GL by all members of the public, regardless of their racial background.

Services Concerned	<ul style="list-style-type: none">• GL provides a wide range of analytical, investigatory and advisory services and support to enable departments and bureaux of the Government of the Hong Kong Special Administrative Region to meet their responsibilities for law and order, public health and safety, environmental protection, government revenue, consumers' interests and implementation of government policies.
Existing Measures	<ul style="list-style-type: none">• Translation service will be engaged for handling the enquiries from people of diverse race.
Assessment of Future Work	<ul style="list-style-type: none">• GL will review our services from time to time, with a view to meeting the needs of people of diverse race.• Feedback / suggestions from staff and members of the public will be considered for continuous improvement of the services provided.
Additional Measures Taken/To Be Taken	<ul style="list-style-type: none">• GL will encourage staff to attend related training to enhance their awareness of, and sensitivity to, racial equality.
